## FIGHTING BOERS ARE HELPING THEMSELVES

Celebrate Kitchener's  
Famous Surrender  
Proclamation.

BY FOUR NOTABLE SUGGESSES

THEY CAPTURE FIVE CANNON  
AND THREE HUNDRED  
MEN.

An Outburst of Exasperation Against  
the British Government—Accused  
of Not Furnishing Kitchener the  
Proper Requisites.

LONDON, Sept. 21.—While Krueger and Dr. Leyds are drawing up petitions to President Roosevelt and the Emperor, asking them to intervene, the fighting Boers are helping themselves in South Africa by celebrating the expiration of the period in which Lord Kitchener proclaimed they must surrender, by four notable successes, killing 65 officers and men, wounding 63, and capturing five guns and 300 men. The situation is singularly like the opening of the war to years ago, the names of the same places recurring in the dispatches. Utrecht, the place where Major Gough was entrapped, was the scene of a similar ambush eighteen months back. Action Homes, where the Boers yesterday reappeared, is eighteen miles southwest of Ladysmith, prominent in the early hostilities, and the Natal colonies are mustering for the defense of the Tugela, as when General Joubert invaded Natal in 1899.

In Cape Colony fighting is again going on south of Stormberg, in territory traversed by raiders and their pursuers half a dozen times.

The government's publication of the reverse causes an outburst of exasperation against the conduct of the war, not in South Africa, but against the ministry. The great ministerial journals accuse the government of trying to run the war "on the cheap" by not providing Lord Kitchener with sufficient resources.

The Times, while it has no misgivings as to the final issue, accuses the home authorities of lack of organized, sustained effort; of a disposition to postpone military for financial considerations, and of failure to grasp the moral and intellectual damage which the prolongation of the struggle inflicts upon the empire. Other ministerial supporters aver that precious months which should have been spent in preparing for another campaign were wasted in electioneering, and that Lord Kitchener has not been supplied with the requisites.

LONDON, September 20.—General Kitchener reports that the Boers have captured a company of mounted infantry and two guns at Vlakfontein. One officer was killed. The Boers, in superior force, surrounded the British. Lord Kitchener is making a strict investigation and has sent columns of troops in pursuit of the Boers.

The succession of "regrettable incidents" which Lord Kitchener has reported has evoked editorial comment to the government to cease to endeavor to wage war by proclamation and to recognize the need of crushing the Boers by force of arms.

No news has yet been received that the Boers have liberated the prisoners recently captured, and, according to Boer circles in Brussels-Commandant General Botha intends to hold 150 British prisoners. The Boers are against the carrying out of the terms of Lord Kitchener's proclamation.

The Daily Chronicle today finds great satisfaction in the alleged authoritative statement from Washington correspondents, to which it gives great prominence, that President Roosevelt is not pro-Boer in his sentiments and will maintain President McKinley's policy in regard to South Africa. "Therefore," says the Chronicle, "any trusting to a chapter of incidents, so far as the United States is concerned, on the part of the Boers, will be doomed to disappointment."

LONDON, Sept. 19.—A dispatch from Lord Kitchener from Pretoria, dated September 18th, announces that the Boers, on September 17th, ambushed three companies of mounted infantry, with three guns, commanded by Major Gough, in the vicinity of Scheepers Nek. After severe fighting the British were overpowered and lost their guns, the sights and breechlocks of which were first destroyed. Two officers and fourteen men were killed and five officers and twenty-five men were wounded. Five officers and 150 men were made prisoners. Major Gough, who escaped during the night, reports that the Boers numbered a thousand men and that they were commanded by General Botha.

General French reports that Commandant Smuts, in order to break through a cordon, rushed on a squadron of the Seventeenth Lancers at Eland's River Post, killing three officers and twenty men and wounding one officer and thirty men. The Boers, who were dressed in khaki and who were mistaken for British troops, lost heavily.

A Communication.  
MR. EDITOR.—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. Brockman, Ragsdale, Mo. U. S. A. This remedy is for sale by all druggists and dealers. HENSON, SMITH & CO., Agents for Hawaii.
